BASIC-ABSTRACT:

A process for making tea extract, tea cake and tea beverage includes: pulverizing tea leaves to obtain fine granular milk (1 - 50 microns) and the addition of edible fine natural assistant. Its products include the extracts of white tea, oolong tea, green tea, black tea and yellow tea, granular tea extract, tea cake, multi-taste tea, beverage and health-care tea. Their advantages are full dissolving, no deposition, no layering and no floating substance. It can also be mixed with milk, sugar, wine, or fruit juice.
